

2019 BEC Commission Clinics

The Concept

Following up on the positive feedback from Member Associations (MA's) from last year's Members' Forum in Dubrovnik, the Commission Clinics concept is proposed. The objective of the Commission Clinics is to have a more interactive approach of the Members' Forum at the second half of the Members' Forum day. MA's will have the possibility to ask questions to the Commission Chair/BEC Staff responsible for the specific area prior to the Commission Clinics and questions will be answered during the Commission Clinics with time allocated to each question in Kiev.

The Process

Step 1: MA's to select area(s), while completing the [online registration form](#) where there are question(s) for Badminton Europe (BEC)

Questions for Commission Clinics

The Commission Clinics concept enables Member Associations the possibility to ask questions to the Commission Chair/BEC Staff responsible for the specific area prior to the Members' Forum and questions will be answered during the Commission Clinics with time allocated to each question. Please select a maximum of 3 Commissions.
