Badminton for All (B4ALL) European Online Seminar

Badminton Europe is pleased to invite you to participate in the **European Online Seminar** that the Spanish Badminton Federation (FESBA) along with Badminton Europe Confederation (BEC) will be delivering through the Erasmus + Program Badminton for All (B4ALL).

OBJECTIVES

The European Seminar aims to present the results of the B4ALL project to other organizations in Europe in order to share the experiences and implementation of the inclusive badminton practice model, which supports the European strategy on disability and the specific objectives of the EU Erasmus+ Program: Sport.

The execution of the Seminar by videoconference will facilitate the participation of representatives of many European and international entities, with great relevance for its general dissemination and to give continuity through the use of the developed sources.

This seminar is part of the B4ALL project's dissemination and exploitation strategic plan. This plan encourages different public and private entities to get involved in the project, generating proposals that will constitute the expansion of the model, in line of the EU Disability Strategy.

EUROPEAN ONLINE SEMINAR INFORMATION

For those entities which are interested to take part in this European Online Seminar, please see the main information below:
