## Trencin Slovakia

Trencin, the city of around 55k inhabitants, is located in the central-west part of Slovakia, near the border with the Czech Republic. Bratislava, the capital of Slovakia, is around 120 km south of Trencin.

The main highlight of Trencin (and western Slovakia) is Trencin castle, built on the steep hill above the city and towering over the surrounding area. This is one of the most magnificent castles in Slovakia, still mostly intact, and you will surely be impressed with its grandness.

The heart of the city is the main square – Mierové námestie, probably the most lovely place to visit in Trencin and one of the oldest areas of Trencin, where the city was created. Unlike in many other cities in Central Europe, the main square of Trencin is lined with trees adding up to the beauty and charm of the place and inviting to spend more time there.

The numerous cafes and restaurants, many with the outdoor sitting area, are perfect to spend some time in and enjoy the laid-back vibe of Trencin. The square has always been the center of the social, and cultural life of Trencin, and the beautiful townhouses surrounding Mierové námestie are the most sought address in the city.
